hello!

I'm Livi! I live near Ely in Cambridgeshire with my husband and daughter, and it's no secret that I'm secretly a granny on the inside. You will always find me knitting, sewing or baking a cake. I'm obsessed with the area I live in, period dramas and Below Deck.

I used to be so terrified of talking to anyone, but over the last 10 years I found my voice in going to uni (doing a Classics degree - I know, not exactly being used right now) and finding my love of photography. It has given me so much more confidence and a love of meeting new people.

congratulations!

Firstly, congrats!! You're getting married! Enjoy this time, it's so unique and I wish I had appreciated it more at the time. There's so much admin in planning the wedding, but also it's a lovely bubble to be in.

If you're reading this, I'm guessing you're looking for a photographer? I'd love to chat to you about your wedding. and if we email or have a call, there's no pressure. If we don't click, then there is no requirement to book me. That goes for all your wedding suppliers.

Find the people that will make your wedding day the day that you both want.

I want to make sure your wedding package works for you. If you can't see what you're looking for, just get in touch and we can work together to ensure you get the right package for you.

engagement session

A LITTLE SOMETHING EXTRA

Included in your wedding package is an optional engagement session. During this time, we will hang out over 60-90 minutes and make sure we have a good laugh.

Getting in front of the camera for the first time at your wedding can be a bit terrifying, so if you want to warm up at an engagement session, I'd love to do that with you. When we get to your wedding day, you will just be a bit more comfortable in front of the camera.

This is not compulsory of course, but it's there if you would like to.

what to expect

I will be your new friend at your wedding! I'll be there, capturing every moment that I can. I'm not a wedding coordinator, but I will be keeping to the wedding timetable as much as I can - I love a schedule, probably too much. Coming from a family of artists, I love to capture all those little details and quite a lot of arty shots. We'll escape after your ceremony for a lovely couple shoot, which will give you time to catch your breath. The dancefloor is one of my favourite times and I'll be right in there capturing all the chaos and laughter.
